

Program Alerts

The Kentucky Medicaid EHR Incentive Program team is continuing to review Program Year 2014 attestations as quickly as possible. In conducting our reviews, issues are identified requiring corrections from the provider. The review staff is reaching out to providers via the email address submitted upon CMS Registration without receiving a response. In the near future, CMS will require the Program Year 2014 attestation reviews be completed. In order to provide you every opportunity to make the necessary corrections without your attestation being rejected, please verify your email address at the CMS Registration site (<https://ehrincentives.cms.gov/hitech/login.action>) as the correct email address on file. If your email address is not correct, please correct and re-submit your registration.

You may also log on to the attestation website and view the attestation status in the Provider Status Flow section on the Home screen. If you see your Program Year 2014 attestation has been put on hold, this is a key indication that an issue has been identified or supporting documentation is needed. If you have a Program Year 2014 attestation undergoing review and have not received an email notification requesting action please contact our office at EHRIncentives@ky.gov.

Important Dates

Please note due to the NPRMs some of the Important Dates will possibly change.

Eligible Professionals:

- **January 1, 2015** – Reporting year begins for Program Year 2015.
